FEATURES

- King's dual density polyurethane sole offering a soft shock absorbing low density midsole with a hard wearing outer sole for tough working conditions.
- The King's sole has been developed to answer demanding adherence requirements to slippery conditions. New tread pattern sweeps away lubricant leaving dry contact under the cleats.
- Type 1 Steel Toe Cap offers a wide profile shape to suit your foot and allows greater comfort with no contact to the toe cap.
- Outsole heat resistant to 130° Celsius surface contact.
- Anti-static.
- Sole resistant to mineral and organic oils and acids.
- Excellent slip resistant sole.
- Superior cut, split and crack resistant sole.
- Full length contoured footbed.
- Padded comfort collar.

TOUGH COMFORT.
